Cookies: When you use the Service, cookies may be used by us and by third parties to allow the Service to function, to allow you to stay logged in between different sessions, and to help to make your user experience better.

Cookies are not spyware or adware, and can't deliver viruses or run programs on your computer. You may configure your web browsers to accept, reject, or delete cookies, or to notify you when a cookie is being set. We may also use "pixel tags," otherwise known as web beacons or clear gifs. For more information about our use of cookies, please [see our cookie policy](#).

Depersonalized Information: We may make your Personal Information non-personally identifiable by either combining or aggregating it with information about other users, or by removing characteristics (such as your name or email address) that make the information personally identifiable. This process is known as de-personalizing your information and is used to analyze usage and improve the Service.

Children's Privacy: We do not knowingly collect any personal information from children under the age of 13, allow them to create accounts, sign up for newsletters, make purchases, or browse the Service. In addition, we may limit how we collect, use, and store some of the information of EU users between 13 and 16.

Sendtric takes children's privacy seriously and encourages parents to play an active role in their children's online experience at all times. control over, and assume no responsibility for the content, privacy policies, or practices of any third-party sites or services.

Do Not Track: Because there's not yet a consensus on how companies should respond to web browser-based or other do-not-track mechanisms yet, we don't respond to web browser-based do-not-track signals at this time.

3. Transfer of your Information out of the EEA

Sendtric is based in the United States. No matter where you are located, you consent to the processing, transfer and storage of your information in and to the U.S., and other countries, in accordance with the privacy policies of third parties with whom we share your Personal Information. The laws of the U.S. and other countries governing data collection and use may not be as comprehensive or protective as the laws of the country where you live.

If you would like further information, please contact us (see "How to contact us" below).

4. Your Rights

Under the laws of some jurisdictions, including the General Data Protection Regulation in the EEA, you have a number of important rights with regard to your Personal Information.

- By law, you can ask us what information we hold about you, and you can ask us to correct it if it is inaccurate. If we have asked for your consent to process your personal data, you may withdraw that consent at any time.
- If we are processing your personal data for reasons of consent or to fulfill a contract, you can ask us to give you a copy of the information in a machine-readable format so that you can transfer it to another provider.
- If we are processing your personal data for reasons of consent or legitimate interest, you can request that your data be erased.
- You have the right to ask us to stop using your information for a period of time, if you believe we are not doing so lawfully.
- Finally, in some circumstances, you can ask us not to reach decisions affecting you using automated processing or profiling.

For further information on each of those rights, including the circumstances in which they apply, see [the Guidance from the UK Information Commissioner's Office](#) (ICO) on individuals rights under the General Data Protection Regulation.

If you would like to exercise any of those rights, please email us at support@sendtric.com. We may ask for additional verification information, such as your username and other information required to be sure that you are the owner of that data.

5. Keeping your Personal Information secure

We have taken steps to put appropriate security measures in place to prevent personal information from being accidentally lost, or used or accessed in an unauthorized way.

For example, we limit access to your personal information to those who have a genuine business need to know it. Those processing your information will do so only in an authorized manner. We also employ SSL encryption and Bcrypt password hashing to keep your personal information safe. Our web servers are located in a secured and environmentally controlled location, as well.

We also have procedures in place to deal with any suspected data security breach. We will notify you and any applicable regulator of a suspected data security breach where we are legally required to do so.

6. How to complain

We hope that we can resolve any questions or concern you raise about our use of your Personal Information. Please contact us via the methods listed below in the section entitled “How to contact us” to let us know about any of your questions or concerns, and we will get back to you to resolve the issue.

If you are an EU citizen, the General Data Protection Regulation also gives you right to lodge a complaint with a supervisory authority, in particular in the European Union (or European Economic Area) state where you work, normally live, or where any alleged infringement of data protection laws occurred.
